Authorization for this examiner's amendment was given in a telephone interview with Matthew Stavish on June 25, 2004.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: the prior art of record, absent applicant's own disclosure, fails to teach the entire combination of elements set forth in the claimed invention. Specifically, the prior art of record fails to teach a motor vehicle window lift wherein said interconnecting web includes interconnecting legs interconnecting and homogeneously formed with said guides, each leg having a length greater than a length of a respective one of said guides and at least partly following a path of the cable system substantially along said length. See lines 17-18 of claim 1 and lines 18-19 of claim 13.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
